

Draygon Propane Burnishers

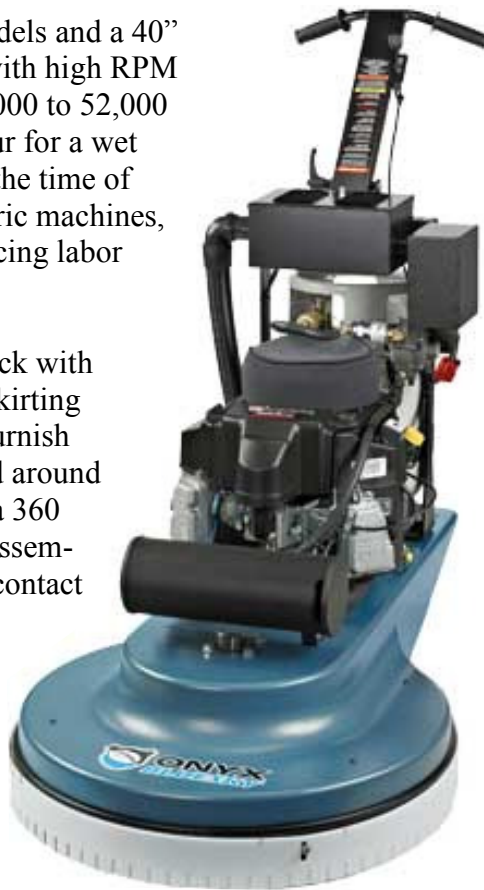

For Use In Grocery Stores, Big Box Retailers, Schools, Airports, Distribution Centers, Shopping Malls

Use Anywhere Dust is a Concern—Patented Dust Skirting And Micro Filter Capture Particles Down to 1 Micron

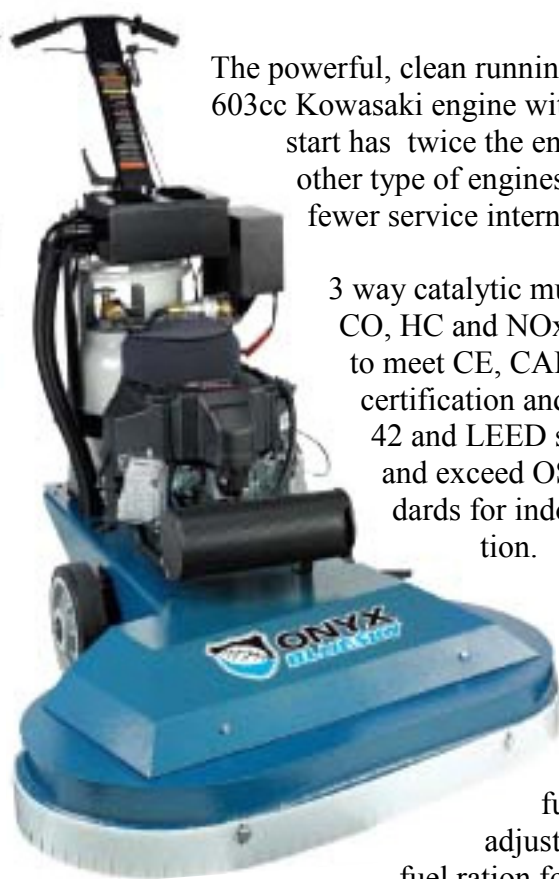

21", 24", 27" models and a 40" dual head model with high RPM speeds deliver 25,000 to 52,000 square feet per hour for a wet look shine in half the time of conventional electric machines, significantly reducing labor and job time.

The low profile deck with patented bumper skirting makes it easy to burnish under counters and around obstructions with a 360 deg. floating pad assembly to assure full contact on uneven floors.

These no-torque burnishes are easier to maneuver, reducing operator fatigue and the unique tilt back deck design allows quick pad changes.

21", 24" and 27"

40" Dual Head

The powerful, clean running 18 HP 603cc Kawasaki engine with electric start has twice the engine life of other type of engines. with 50% fewer service internals.

3 way catalytic mufflers lower CO, HC and NOx emissions to meet CE, CARB and EPA certification and meet GS-42 and LEED standards and exceed OSHA standards for indoor operation.

An optional EnviroGard Emissions Eliminator closed loop fuel system adjusts the air/fuel ration for ultra low emissions under varying conditions.
